

Building number 12 '4-level townhouse'

Interior design: Laura Walther

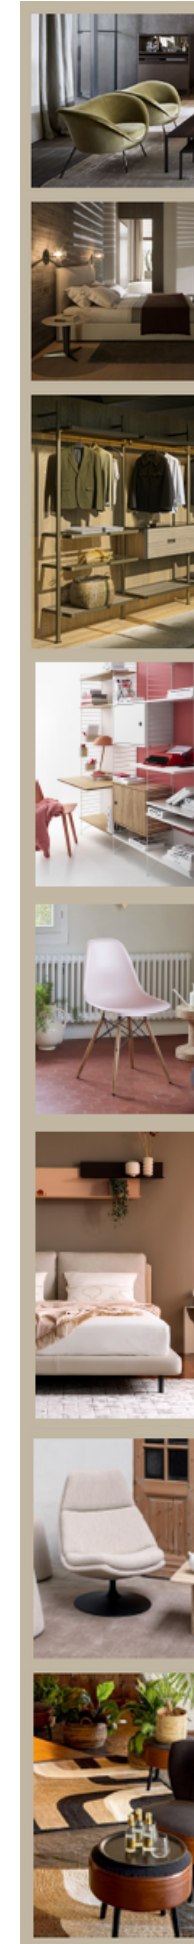

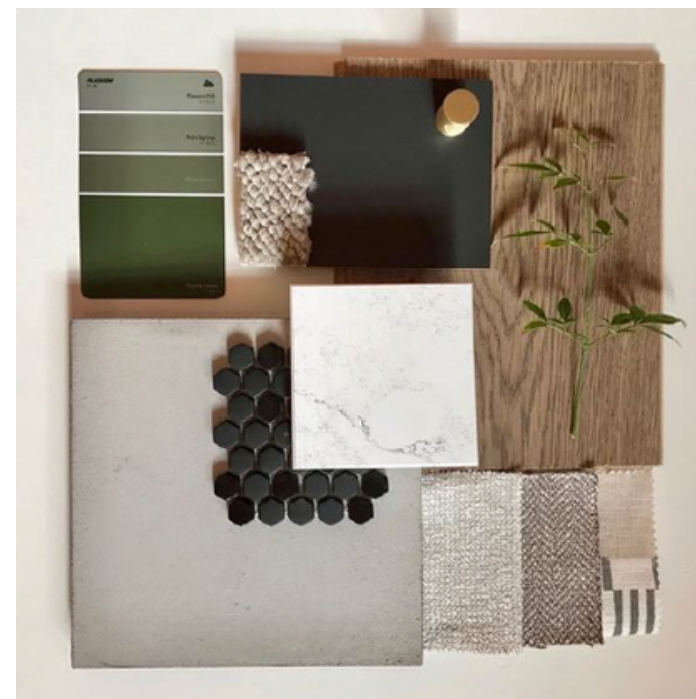

Ground floor

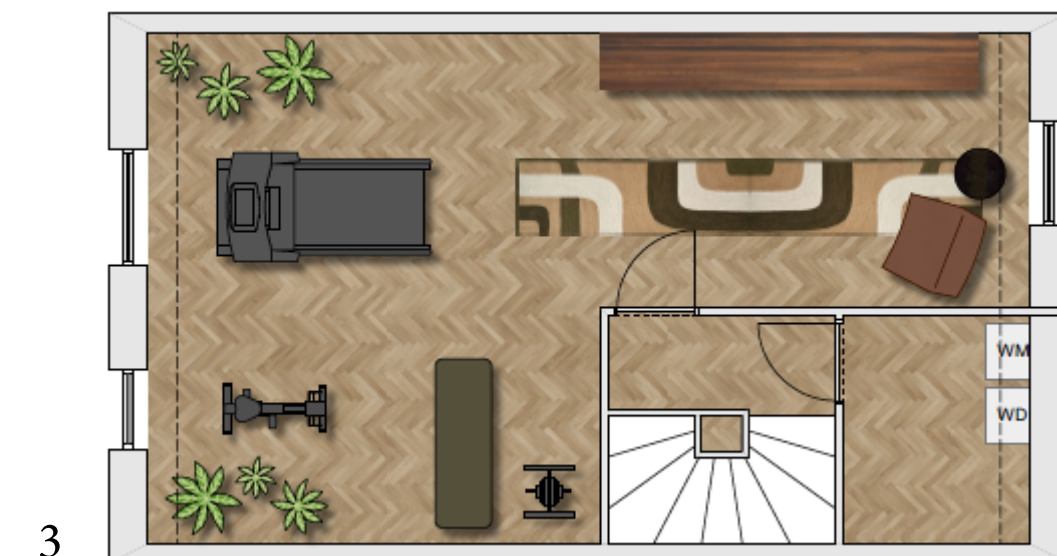

Concept

Classical architecture combined with soft colors and natural materials such as wood creates a sense of luxury and harmony with nature. Rich textiles and Dutch design contribute to an elegant, comfortable ambiance, ideal for modern families seeking a timeless living environment.

Building number 18 '3-level townhouse'

Interior design: Laura Walther

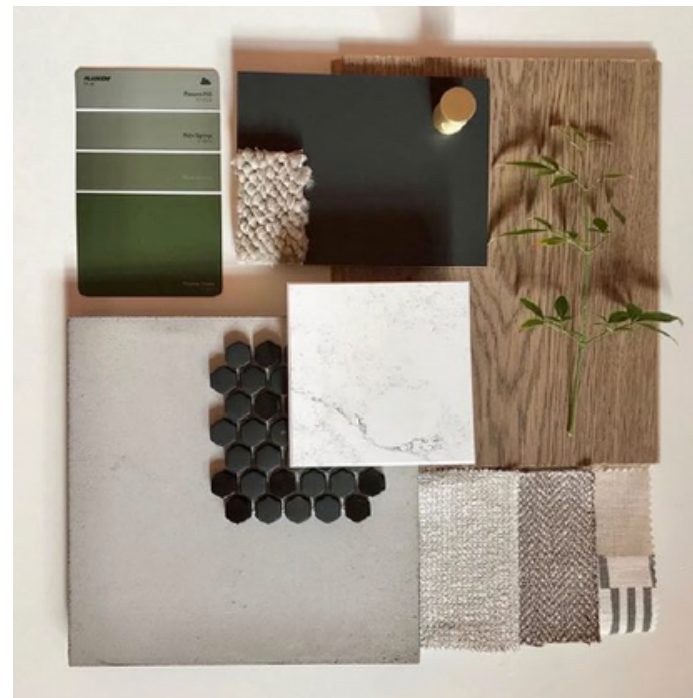

Ground floor

Concept

Beauve blends classical architecture with fresh colors and blue accents inspired by nature. Organic shapes and fabrics enhance the style, adding character and creating harmony. Dutch design brings a touch of elegance, making it perfect for modern families seeking a sophisticated living environment.
